

About PRINCE2 Distance Learning

PRINCE2® Distance Learning Solution is a blend of self-study and e-learning material. The candidate will be guided through the use of the PRINCE2 Manual and the online testing system in order to gain the required level of knowledge to face the PRINCE2 Certifications. This solution is essentially divided in 3 Core activities:

- ▶ Self-Study using the official PRINCE2 Manual
- ▶ Periodic Assessment using the QRP E-learning website
- ▶ Final Test using the official APMG Mock Exams

On top of your normal lesson revision exercises the QRP Distance learning facility offers you its Q-Trainer system which makes sure you continuously revise past topics by prompting you to answer to series of questions from previous lessons!

The PRINCE2 Distance Learning Solution is designed for people who want to train anywhere (saving travel and accommodation costs) anytime, and without having to take time off work.

Distance Learning Benefits

- ▶ **Always available**, our Distance Learning guarantee the higher flexibility and quality. You just need to have an Internet access.
- ▶ **Accessible**, our Distance Learning can be used everywhere, without special browsers or hardware support.
- ▶ **Cost Reduction**, our Distance Learning solution is the cheaper and high quality PRINCE2 Training solution available in the market.
- ▶ **Quality**, our Distance Learning is APMG certified. Moreover, all the course contents have been developed by our PRINCE2 leading trainers.

Distance Learning Key Facts

- ▶ **Goal-oriented studying**, no studying at a specific time and place but goal-oriented studying.
- ▶ **Memotrainer**: the adaptive learning. Adaptive learning assures that the training focuses automatically on your weak points.
- ▶ **Interactivity**, you will also get full tutor support via e-mail while you study so you can ask any questions as you go.

PRINCE2 Foundation Distance Learning

The PRINCE2 Foundation Distance Learning package aims to provide the candidate with a straight forward path to becoming **PRINCE2 Certificated** at the basic **Foundation** level in your own time and at your own place.

This service is aiming to support **self-study distance learning** for the PRINCE2 Foundation exam using the latest developments in e-learning, the Q-Trainer facility.

This system makes full use of its **intelligent learning** engine and continuously challenges you with different questions, concentrating more on those subjects which you are finding more difficult, adapting itself to asking you different questions every time until the end of the course where you would have gained the necessary knowledge to sit a **PRINCE2 exam** in confidence.

With an ever growing database of questions and a complete 75 questions mock exam, you are assured all aspect will be covered and all subjects continuously tested against your knowledge to ensure the best possible preparation towards sitting the official examination.

Included in this product:

- ▶ The "Managing Successful Projects with PRINCE2" manual
- ▶ The PRINCE2 Distance Learning Study Guide
- ▶ 12 months online access to the accredited PRINCE2 Foundation Distance Learning Website
- ▶ Foundation exam fee

You will also get full tutor support via email while you study so you can ask any questions as you go.

Foundation Target audience:

- ▶ Project Managers, Project Team Members, Team Managers, Assistant Project Managers, Aspirant Project Managers

Prerequisites:

It is desirable but not essential that participants have some experience of working on projects.

PRINCE2 Practitioner Distance Learning

The PRINCE2 Practitioner Distance Learning package has been designed for those students with an existing PRINCE2 Foundation qualification looking for a new approach to complete PRINCE2 Practitioner.

The PRINCE2 Practitioner Distance Learning package has been structured with these characteristics:

- ▶ There is no more theory involved only application
- ▶ The manual can be used as a reference book
- ▶ The course revolves around practical exercises and mock examinations
- ▶ Most of the work will be carried out using the Workbook provided
- ▶ The exam will be open book
- ▶ Tailoring of the method is very important as opposed to Foundation level

In addition, the PRINCE2 Practitioner Workbook contains three different Practitioner level exercises including a full Mock examination paper. The exercises increase in difficulty gradually in order to accompany the candidate to the Practitioner test paper.

Included in this product:

- ▶ The PRINCE2 Distance Learning Study Guide
- ▶ The PRINCE2 Practitioner Workbook
- ▶ 12 months online access to the accredited PRINCE2 Practitioner Distance Learning Website
- ▶ Practitioner exam fee

You will also get full tutor support via email while you study so you can ask any questions as you go.

Practitioner Target audience:

- ▶ (Senior) Project Managers, PM Office Managers, Project Directors, Senior Management, Programme Managers

Prerequisites:

Project Management experience and experience working in project teams. The Foundation exam must have been passed before enrolling for this course.
